

Special Thanks to Tom Kenney for his work in formatting and taking photographs for the RotoNews. We hope you are enjoying your new digs.

Just showing up will sometimes get you noticed!!

Great demotion Dinner! Good Food, Good Friends and a Great Time.

"I wonder if Kerry knows exactly how much time I will spend making sure I exceed Woody and Tom's expectations on the Second Annual Lobsterfest?"

"Actually, Woody will be there every step of the way as my co-chairman."

Snitch Is The Word

The e-mail address snitch@coronarotary.org has been implemented for the pleasure of the club, according to President Tom Garrett. After about a half hour, e-mail to that address is routed to the club president.

“As I carry a PDA, I can ‘flip’ the e-mail to the appropriate club officer,” Garrett said.

This, he indicated, is a fun way to:

--Send news and photos direct from your PDAs to the club.

--“Out” yours or your friends’ successes direct to the club president to consider for recognition.

--Keep the club informed of other late breaking information.

The July Theme

President Garrett has labeled July Community Service Month for the Corona Ro-

tary Club. He will touch on that theme today and we will have two speakers this month following up: Our own Eugene Montanez will present a State of the City Address on July 23, and Rita Wuelfing, director of Volunteer Management for Habitat for Humanity, will speak on July 30, closing out the month.

Fletcher, Fleming Honored, and Newhan Starts Baseball Blog

Congratulations to Ty Fleming, who has been named the Chamber of Commerce Volunteer of the Quarter and to Glen Fletcher, who has been named recipient of the Chamber’s Award of Excellence in Service.

Also, self congratulations on the new baseball blog started by Ross Newhan with his son, David, a unique perspective by baseball writing father and baseball playing son. The blog was started about six weeks ago and can be found at Newhanonbaseball@blogspot.com.

Tap on the ads and it will be easier for Newhan to pay his Rotary dues.

In addition, in the L.A. Times run-up to Tuesday’s All-Star game, Newhan will be one of four or five “experts” invited to present their all-time All-Star team of players who grew up playing at L.A., Orange, Riverside and San Bernardino County schools. It will appear in the Monday or Tuesday newspaper, and on his blog site Monday.
